

Memorial Weekend Sale

The Green Haus, 507 Ora, Scott City, Ks (620) 872-5309

May 26-29, 2011

These specials only good during the above dates. (Closed Monday May 30)

Green Tree Pro

Is your tree yellow and look sick? These yellow trees are all around town but they are not supposed to be yellow in the spring. Drill a few holes in the trunk of the tree and inject the iron into the tree and then start the water. The holes you will

drill are very small and the damage is minimal. Several years ago I drilled a very small hole in a 3 foot tall tree and got just a little iron in the tree and it took a few days and the tree was green!

ColorStar!!!

Three years ago a salesman gave us a free sample of *ColorStar* plant food. We brought

it home and experimented with it on some pots of flowers and not on others. At the end of the summer we compared and *ColorStar* is a good one. *Colorstar* has 4 types of nitrogen and lasts 3 to 4 months long. Although I would reapply at 2 months as the jug says to do. About 25% of the product is blood meal and bone meal. Blood meal is organic slow release nitrogen and bone meal is organic slow release phosphorus. *Colorstar* also has potash, magnesium, sulfur, copper, iron, manganese and zinc in the mixture.

Buy 2 Get 1 Free

All perennials during our Memorial Weekend Sale are Buy 2 Get 1 Free. This includes our 4 packs, 1 gallon pots and 4 inch pots of perennials. (Perennials come back each year in your garden.) This special is only good May 26-29, 2011.

Tree Borer Killer

Fertilome Tree Systemic Insect Killer is a one time application per year product. It is absorbed by the tree or shrub to kill the borer inside the plant. Measure your tree

then mix *Fertilome Tree Systemic Insect Killer* in a bucket of water and pour around your tree. Now start the water. Simple as that.

Fertilome Weed Free Zone

Make sure to use Hi-Yield Spreader Sticker along with *Fertilome Weed Free Zone* so you get good coverage and the product will stick to the weed leaves better. Better coverage and stick means a better kill.

Grub Control

Your last chance to apply Season Long Grub Control and be right on time. Do it today!
