### Blooming & Rooting Plant Food

This is a fertilizer you mix in water and then apply. We never get enough fertilizer during the growing season to our plants because we have to water so much.

Doesn't matter if you fertilized early in the growing season you need more. Do this every week of the growing season. Push your plants this summer like never before!

### Pansy Sale!

*Pansies in all colors and shapes. We have them special priced for the Spring Show Case Sale! April 13-16, 2011.*

### Tree Borer Killer

*Fertilome Tree Systemic Insect Killer is a one time application per year product. It is absorbed by the tree or shrub to kill the borer inside the plant. Still time to apply.*

### Buy 1 Get 1 Free!

We are the home of the 4-pack perennial. (Perennials come back next year.) We started growing perennials in 4-packs years ago to give you a really good deal when it came to purchasing perennials. During our SPRING SHOW CASE you can purchase one 4-pack at regular price and get one FREE!!!

### Sticker Stopper!

Grassy sandbur, crabgrass, foxtail, henbit, spurge are just some of the weeds this product stops. This stuff lasts for about 6 months, most preventers

last about 2 months. This is not the least expensive product on the market but if you want something you know works and is what all other crabgrass preventers are compared to then this one is for you! Your last chance to apply quickly approaches.

April Hours Monday – Friday 9:00 - 5:30  
Saturday 9:00 – 5:00 Closed Sundays in April
